CINCINNATI--(BUSINESS WIRE)--Mar. 23, 2022-- Medpace (MEDP), a global clinical research organization (CRO), has partnered with Matthew 25: Ministries, a humanitarian and disaster relief organization, to fund aid shipments to Ukraine and surrounding areas. The contribution will facilitate shipping and distribution of critically needed aid with an estimated value above \$2.5 million. It will help hundreds of thousands of people in need in Ukraine and the surrounding areas.

"Medpace has offices in both Ukraine and Poland, so this humanitarian crisis impacts our employees, families, and friends," said Stephen Ewald JD, General Counsel, Chief Compliance Officer, and Corporate Secretary. "We wanted to show support and impact the relief efforts in a meaningful and expedient way." According to Mr. Ewald, Matthew 25 had amassed supplies of personal care products, paper products, first aid items, and clothing but needed financial assistance for shipping and distribution. "It is worth noting, Matthew: 25 has partners in place, effectively serving the needs of those who remain in the country and those who have been displaced," he stated.

"Medpace's generous contribution will help us continue to provide aid to Ukraine and the surrounding areas," said Matthew 25: Ministries' CEO Tim Mettey. "So many people urgently need help due to this crisis, and Medpace's gift will make an enormous difference, providing care and hope to refugees and others in need. We are grateful for this generous support."

Medpace encourages others to support Matthew 25 in its humanitarian efforts. "Matthew 25 is a 4-star charity on Charity Navigator, the highest designation earned by being financially efficient and transparent in their operations," said Mr. Ewald. "Every dollar contributed has a multiplying effect by facilitating the distribution of large quantities of needed supplies that Matthew 25 is ready to ship. We are proud to be able to support the efforts of Matthew 25 and bring urgently needed relief to the people of Ukraine."

Matthew: 25 uses donated funds for the acquisition, processing, tracking, maintenance, warehousing, preparation, and distribution of critically needed supplies to people in need. It uses donations to cover costs associated with the oversight and administration of these activities. 100% of funds designated for "Ukraine Relief" will be used for the purpose intended.
